

# Material Safety Data Sheet

Catalog No.: 930-60

Date: 10.03.99

## 1. Identification of the substance / preparation and company

1.1. Identification of the substance /preparation: Test stripes for urine analysis

E.E.C. characterisation:

E.E.C. number: --

Index number:

Commercial name: Urispec 11-Way

1.2. Distributed by: Henry Schein, Inc.  
135 Duryea Road  
Melville, NY 11747

Information number: 1-800-472-4346

1.3. Emergency telephone number: CHEMTREC 1-800-424-9300

## 2. Composition / information on ingredient

2.1. Chemical characterisation / sum formula:

It is a dangerous substance: CAS No.:

2.2. Symbol-letters

2.3. Risk phrases (R sentences)

2.4. Safety counsel (S sentences)

2.5. Description of further chemical properties

## 3. Hazards identification

This product is not dangerous according to the guideline 67/548/EWG.

3.1. Possible hazards: The product is combustible.

3.2. Adverse human health effects / symptoms:

## 4. First-aid measures

4.1. First-aid measures:

Doctor:

4.2. Further medical attention:

4.3. Specific means of treatment that should be available at the workplace:

## 5. Fire-fighting measures

Use extinguishing methods appropriate to the surroundings.

5.1. Suitable extinguishing media:

5.2. Extinguishing media that must not be used:

5.3. Special exposure hazards, combustion products, resulting gases:

5.4. Special protective equipment:

## 6. Accidental release measures

### 6.1 Personal precautions

### 6.2. Environmental precautions:

### 6.3. Methods for cleaning up: Collect and dispose in a proper manner.

## 7. Handling and storage

### 7.1. Handling: See product description.

### 7.2. Storage: Keep dry and closed. (below 30°C)

## 8. Exposure controls / personal protection

### 8.1. Precautionary measures in order to minimise worker exposure:

### 8.2. Precautionary technical measures:

### 8.3. Personal protection:

Respiratory protection:

Eye protection:

Skin protection:

Hand protection:

Hygiene measures: Wash hands after work!

## 9. Physical and chemical properties

### 9.1. Physical state: solid, sticks      9.2. Colour:      9.3. Odour: odourless

### 9.4. pH of the substance / preparation as supplied:

### 9.5. pH of aqueous solution: (at 100 g/l H<sub>2</sub>O)

### 9.6. Change of physical state:

Melting point / melting range:

Boiling point / boiling range:

### 9.7. Flash point:

### 9.8. Flammability (solid, gas):

### 9.9. Vapour pressure in mbar:

(at °C)

### 9.10. Relative density:

(at 20 °C)      g/m<sup>3</sup>

### 9.11. Solubility:

water solubility:

(at 20 °C)

g/l

fat solubility:

(at °C)

g/l

### 9.12. Partition coefficient:

### 9.13. Other data:

## 10. Stability and reactivity

### 10.1. Conditions to avoid:

### 10.2. Materials to avoid:

### 10.3. Hazardous decomposition products:

## **11. Toxicological information**

### **11.1. Toxicological effects**

Because of the low concentration of the chemical substances on the test stick, this product has a considerably low hazard potential.

### **11.2. Dangerous-to-health effects**

### **11.3. Toxicological examination**

## **12. Ecological information**

### **12.1. Assessment of possible effects**

If used in an appropriate manner the product causes no ecological effects.

### **12.2. Most important characteristics likely to have an effect on the environment**

## **13. Disposal considerations**

Please observe local regulations concerning handling of hazardous waste.

## **14. Transport information**

No regulations.

## **15. Regulatory information**

### **15.1. Identification acc. to E.C. rules:**

Component which determines the hazard:

E.E.C number.: Code:

R sentences:

S sentences:

### **15.2. German rules:**

Water hazard class:

### **15.3. Other national rules:**

## **16. Other data**

### **16.1. Reference:**

The above information is provided to the best of our present knowledge and accumulated experience. Unnecessary steps have been eliminated to save space.
